Technical Data

- Product color: Stainless steel
- Construction type: Built-in
- Integrated Cleaning system: Pyrolytic +Hydrolytic
- Required cutout size (HxWxD): 585-595 x 560-568 x 550
- Dimensions: 595 x 594 x 548
- Product packaging dimensions (HxWxD): 660 x 690 x 650
- Control Panel Material: Glass
- Door Material - primary cavity: Glass
- Net weight: 38.124
- Usable volume of cavity: 71
- Cooking mode: Bottom heat, Bread Baking Setting, Conventional heat, Full width broil, Hot Air, Hot air broiling, Hotair gentle, Pizza setting
- Primary cavity material: Other
- Oven control: electronic
- Number of interior lights: 1
- Approval certificates: CE, VDE
- Power cord length: 120
- EAN code: 4242004237860

Technical Data

- Product name / series name: Cooking zone ceramic
- Construction type: Built-in
- Energy source: Electric
- Total number of cooktop burners: 3
- Required cutout size (HxWxD): 51 x 560-560 x 490-500
- Width of the appliance: 606
- Dimensions: 51 x 606 x 546
- Product packaging dimensions (HxWxD): 126 x 753 x 603
- Net weight: 13.859
- Gross weight: 15.0
- Residual heat indicator: Separate
- Location of control panel: Cooktop front
- Basic surface material: Ceramic
- Color of surface: Black, Stainless steel
- Color of frame: Stainless steel
- Approval certificates: AENOR, CE
- Power cord length: 110
- EAN code: 4242004191797

Technical Data

- Typology: Pull-out
- Approval certificates: Australia Standards, CE, Eurasian, VDE
- Power cord length: 175
- Required cutout size (HxWxD): 162mm x 526.0mm x 290mm
- Minimum distance above an electric hob: 430
- Minimum distance above a gas hob: 650
- Net weight: 8.365
- Oven Control: mechanical
- Number of speed settings: 3-stage
- Max. extraction rate: 387
- Maximum output recirculating air: 195
- Number of lights: 2
- Silence level: 67
- Diameter of air duct: 120 / 150
- Grease filter material: Washable aluminium
- EAN code: 4242004195979

Technical Data

- Maximum number of place settings (EU 2017/1369): 15
- The water consumption of the eco programme in liters per cycle (EU 2017/1369): 12.0
- Construction type: Built-in
- Height of removable worktop: 0
- Overall appliance dimensions (HxWxD): 815 x 598 x 573
- Required cutout size (HxWxD): 815-875 x 600 x 550
- Approval certificates: Australia Standards
- Depth with open door 90 degree: 1150
- Adjustable feet: Yes - all from front
- Maximum adjustability feet: 60
- Net weight: 40.875
- Gross weight: 43.0
- Fuse protection: 10
- Power cord length: 175
- Length inlet hose: 165
- Length outlet hose: 190
- EAN code: 4242004219415

NEW GRAPHITE-GREY RANGE

Same unique cooking features, delightful new design

Your favourite kitchen companions just got a makeover. But don't fret! We kept all of the unique cooking features home cooks have come to love. This time, we focused on developing a fresh look and feel for your trusted kitchen companions.

Graphite-Grey is the new line of stainless steel strips and handles featured on a select range of our appliances. Open floor plans, functional multi-spaces, and an infinite variety of grey hues seem to be all the rage these days. As life and trends evolve constantly, it's essential you find the right appliances to suit your individual style. Whatever you decide, our delightful new design is here to integrate into your home beautifully.

KEEP THINGS FLOWING WITH SEAMLESS COMBINATION® SIDE TRIMS

Our unique trims allow appliances when stacked vertically to appear perfectly in-line, with no gaps.

SEAMLESS COMBINATION[®]

COMBINING AN OVEN WITH A COMPACT APPLIANCE

Boast a stylish and flawless kitchen by combining NEFF appliances using our unique SeamlessCombination[®] side trims. This built-in solution from NEFF allows appliances when stacked vertically to appear perfectly in-line, with no gaps. Ideal for any modern or contemporary kitchen.

The SeamlessCombination[®] accessory kit replaces the shelf that would normally divide the two appliances with a much thinner metal shelf, in order to close the visible gap between the appliances. Be sure to refer to the installation instructions or speak to your kitchen designer for further information on combining appliances.

IDEAL INSTALLATION

All of our ovens can be built under the worktop, but we would recommend, where possible, installation in tall cabinetry to provide a convenient eye level position.

Combination shown:
45cm compact oven with 14cm
warming drawer and Z11SZ60G0
SeamlessCombination[®] kit.

Combination shown:
45cm compact oven with 60cm oven
and Z11SZ90G0 SeamlessCombination[®] kit.

NEFF OVEN RANGES

Graphite-Grey or stainless steel, the choice is yours.

At NEFF, we understand one design may not suite everyone's style of kitchen. That's why we have two oven ranges, featuring different colour side trims and handles.

Whatever you decide, our delightful designs will feature all the unique NEFF features you'll come to love. Ensuring no matter your style preference, you will have the tools to achieve perfect cooking, roasting and baking results.

A photograph of a Neff oven range in a Graphite-Grey finish. The oven is built into a dark grey kitchen cabinet. The oven door is open, revealing the interior racks and the glowing heating elements. To the right of the oven, a wooden countertop with a knife block and a metal mug is visible.

GRAPHITE-GREY
