DAB
WATER • TECHNOLOGY

esybox mini³

The preferred pump for the Ecovillage project

ONLY
\$999
ea inc. GST

CONSTANT PRESSURE

FOR MAXIMUM COMFORT

Thanks to inverter technology, once you have set the desired pressure, DAB Esybox Mini³ maintains a constant pressure to all the water outlets served.

SILENT OPERATION

DESIGNED FOR RELAXATION

QUIET

45 dB (A)*

*duty point 10 l/m at 2.7 bar

INTEGRATED

ALL IN ONE

With the exception of the suction and delivery pipes, it doesn't require any additional components for installation.

DISPLAY

EASY ADJUSTMENT

LCD 70x40 high-resolution screen, adjustable to adapt readability at various installations. The intuitive interface gives access to all the information and to customise the main settings depending on the application.

ANTI-FREEZE PROTECTION
