There are few comparative properties within the Augusta-Margaret River Shire due to the unique nature of the Witchcliffe Ecovillage - its sustainability commitment, together with strata titled lots that include shared ownership of nearly 40ha of Ecovillage Commons, community gardens, village centre and a raft of other communal amenities. The additional value inherent in an Ecovillage lot, for the most part, doesn't exist in traditional land subdivisions. The Ecovillage community is also supported by an active development team that provides a library of research, information and communication tools for the benefit of residents and on-call or in-person support for new owners via our sales office.
